

# Greenfields

## IRRIGATION DISTRICT

On Tuesday, February 8<sup>th</sup>, 2022, at 7:00 P.M. the Greenfields Irrigation District (GID) held its Regular Monthly Board meeting. The following are the minutes taken from that meeting. Those in attendance were: Board President Tim Brunner, Vice President Bill Norris, Commissioners Chase Brady, Dave Gulick and Pat Brosten. District Manager Erling Juel and Board Secretary Jenny Gulick were also present, along with GID employees Cory Copenhaver and Eric Mayer. Water Users Spencer Pearson, Russ Pearson, Chris Ostberg, and Michael Konen were also in attendance, as well as Tracy Wendt with Sun River Watershed Group and Paula Gunderson with the NRCS. Attending via teleconference was Al Rollo.

The meeting was called to order by President Tim Brunner at 7:00 P.M.

**Approve Meeting Minutes and Monthly Warrants:** The first item of business was to approve the minutes from the January 20<sup>th</sup> Regular and 2 sets of Executive Session Minutes. The first set up for discussion was the Regular Board Minutes. There were no discrepancies. Commissioner Brady moved to approve the minutes and Commissioner Gulick seconded. All in favor and the minutes were approved. Next up were the Executive Session Minutes from the January 20<sup>th</sup> Meeting at 8:11 P.M. There were no discrepancies and Commissioner Brady moved to approve the minutes with Commissioner Brosten seconding. All were in favor and the minutes were approved. The last set up minutes to approve were the Executive Session minutes from December 20<sup>th</sup> at 8:33 P.M. No discrepancies were found. Commissioner Brosten moved to approve the minutes and Commissioner Brady seconded. All in favor and the minutes were approved. The Board then briefly discussed January's Monthly Warrant List. Question arose on the Sun River Electric (SRE) warrant, and what the funds were paying for. Board asked to see a breakdown of costs incurred by SRE thus far on the installation of the transmission lines. Also, it was asked that Hydro Expenses & Income are kept separate from other expenses and income for all accounting purposes. Commissioner Gulick moved to approve the warrants and Commissioner Brady seconded. All in favor and the warrants were approved.

**Parties Presenting Issues:** Paula Gunderson with the NRCS to address the Board and present information on currently available programs. She provided 3 handouts, see attached. She explained that the funding and salaries for the programs and staff members are paid by taxpayers. The program developed to promote producers to go from flood to either wheel lines or pivots, has now been limited to the area where the greatest conservation measures are needed, due to the high demand. The Board agreed that this program is equally as important to GID, as it helps to conserve irrigation water and prevent erosion- Efficiency is the key. Funding may also now be available to the District in its efforts to conserve water. The Watershed and Flood Prevention Program may, also, apply to GID. Al Rollo reminded the Board that some projects that have already been completed may apply. Paula asked that Manager Juel draft a prioritization list to help support the NRCS' efforts at the state level. Vice President Norris made a motion for GID to support the NRCS' efforts by providing this list to Paula and Commissioner Brosten seconded. All were in favor and the motion passed for Erling to draft a bullet list in the morning.

**Contacts to Execute:** Grazing Pasture Lease Agreements were previously signed by President Brunner when he was in earlier this afternoon. Board needs to sign the Resolution provided for the Teton County Elections Administrator to conduct an election by mail-in ballot.

The next item of business was the Manger's Report:

**Reservoir and River Operations:** See M.R. for full details. Gibson is about 15% full, which is 51% of normal for a 30-year average. Outflows have remained steady. Snowpack levels are at a little over 100% of normal for this time of year in our watershed. The National Climate Prediction for February through April states we will see slightly below normal temperatures and slightly above normal precipitation, while May through July is expected to see normal temps with well-below normal precipitation.

**Water Rights:** A link to the website listing objections regarding the Preliminary Decree Baskin 41K (Sun River) was previously forwarded to the GID Board. See the M.R. for further details.

**GID Staff Updates:** See M.R. for details. Eric Mayer will be named the future O&M Foreman upon Charlie Clement's retirement at the end of April. 5 in-house candidates have shown interest in the Operator's Position that will open once Eric moves into his new capacity. GID Management, along with Eric, will conduct a skills testing of the 5 candidates and narrow it down to the top two candidates to interview. Commissioner Brady volunteered to participate in the hiring process. GID continues to advertise for 1 more ditch rider to begin as soon as possible. Weed Foreman Stan Fry to return to work on March 1<sup>st</sup>. Commissioner Election to be held on May 3<sup>rd</sup>, as both Precincts 3 & 5 are up for re-election and have opposition.

**GIS Mapping, Plats, Database & Certification Updates:** The GID Board met with GID's legal team regarding the Human Rights Bureau investigation on the alleged marital status discrimination complaint against GID involving the 960-acre limitation policies. We are requesting information from the complainant, as to what would be an acceptable resolution. Board Secretary Gulick gave a brief update on the status of Phase 2 of the database program, as well as how things are coming working on this year's Producer Certification process. The Annual GID Meeting & Dinner is scheduled for Wednesday, March 16<sup>th</sup> at noon. Postcards will be sent out the first part of March.

**Farm Unit Operations:** Landowner has made a request to combine FU 858 & 858.10 into a single farm unit, see attachment. Watermaster Sand coordinated a work session to discuss the post-season drain water usage. He will be summarizing and presenting his observations and thoughts at next month's meeting. See the M.R. for further details.

**Monthly Financials & 2022 Budget:** See M.R. for details. A brief update was given by Manager Juel on the 2022 Budget. We informed the Board that for the hydro turbines we are looking at spending 3.6 million for 2 turbines.

**Office Improvements & General Administration:** Mark Biegler's trial rescheduled for March 28<sup>th</sup>, 2022. Manager Juel and Office Manager Gulick have both been subpoenaed.

**GID Vehicles & Heavy Equipment:** See M.R. for Short-Term and Long-Term Goals and Strategies. Order has been placed for 2 new ditch rider trucks with Dirkes Chevrolet. We are still looking to replace the over-sized bucket on the John Deere excavator.

**DNRC State Land WSCs:** Nothing new to report. We are waiting to see a signed agreement.

**Willow Creek Feeder Canal Maintenance & Lawsuit:** GID has filed our response to Plaintiff's complaint filed in Federal court and are expecting to see BOR's acceptance of service soon in the federal lawsuit. Manager Juel had a meeting today at 10 A.M. with our legal team and expert. President Brunner attended.

**Hydro Updates:** Hydro Development Strategy: Manager Juel is still working with SREC to secure transmission easements. He is also still aggressively lobbying the Montana PSCs regarding NWE's actions that could impact small QFs. Arnold Coulee LOPP: GID had to pay \$102K cost overrun on the 4 miles of transmission line installed last year. We also paid \$15,000 for the Chuck Stephens easement. We received a purchase agreement to review for the turbines for both Arnold Coulee and Pishkun Inlet. The vendor is the same as that who supplied turbine for Turnbull in 2011. We received a draft grant agreement from BOR for Manager Juel to review and return for execution. So far Dale has hauled 18 of the 36 reels of wire and will resume hauling next week. Pishkun Inlet Hydro: GID is requesting a \$15K planning grant so that we can then go after a \$125K RRGL award from DNRC. Gibson Hydro: Nothing new to report. Nothing new on Federal legislation introduced to amend the authorization for the Sun River Project to include power generation. This will eliminate the FERC process and force Reclamations' LOPP process.

**GID Infrastructure Projects:** For Current and Planned, see the M.R. We signed the \$125,000 DNRC grant agreement to start construction this Fall. We are looking at simply reducing the SRS-71 check with a SmartCheck and reconfiguring the downstream turnouts. J-Wasteway Facility: Project needs to be completed by the Spring of 2022, walls have been built, rebar package is complete and will be delivered soon and the Rubicon and Fischer by-pass gates have been ordered.

**Title Transfer:** We received the preliminary options from Reclamation for Manager Juel to review and provide comments to.

**GID O&M Projects:** See O&M Foreman's List for this month, provided. O&M Foreman and soon-to-be have been working with Raymaker to crush gravel at the cemetery pit, as we need to generate some more crushed base course (road mix) and drainage aggregate. We submitted the 310 permit to repair bank erosion on Big Coulee that is impacting the Beale Canal. There is a meeting scheduled for February 15<sup>th</sup> with Fish, Wildlife & Parks, as well as the Teton CD reps.

**GID Grazing Lease Program:** 2 pastures are being advertised for re-bid and are schedule to be opened on February 24<sup>th</sup>.

**Miscellaneous:** MWRA Annual Conference is the first week of February. Commissioner Brady is attending with Manager Juel. Manager Juel had a video conference with reps of the Farmers Conservation Alliance last Wednesday to discuss funding partnerships to procure NRCS grants through the Watershed Protection and Flood Prevention Act. Board asked that Manager Juel plan a work session with SREC and the Board to bring everyone up to speed on the progress made so far.

**Short and Long-Term To-Do Lists:** See the M.R. for details.

**Agenda:**

- 1) New Pivot Installation FYI for the Board, see attachment.

- 2) Request from Don & Marian Olsen to combine FU 858 and 858.1, see attachment. Commissioner Norris moved to accept the request and Commissioner Brosten seconded. All in favor and the motion carried.
- 3) Commissioner Brady addressed the Board to discuss the need for water efficiency and the 2023 water assessment charge, see attachment provided. In Watermaster Sand's absence, Commissioner Brady asked that this Agenda Item be tabled until he is able to further discuss findings with him and numbers have been re-evaluated. Brief discussion on the potential for real-time usage and tablets for the Ditch Riders in the near future, if not this upcoming season.

**Public Comment:**

- 1) Al Rollo has nothing to report.
- 2) Tracy Wendt with SRWG gives the Board a brief update. SRWG has filed a special use permit for the Upper Muddy Creek gauge by Power. Willow bush planting with the DEQ is planned on the banks of the Muddy Creek. A river shift and ice jam on the Adobe Creek has caused flooding. SRWG is working with Cascade County on emergency repairs. The Muddy Creek Master Plan is to be completed by the end of June. Brief discussion on the potential for new snow-tel sites to be added. Tracy will share the findings with the Board.
- 3) Lee Signalness had resigned as acting manager for FSID. Manager Juel will look to Board Member Taylor Woods for an update from the district.

Commissioner Brosten moved to adjourn the meeting and Commissioner Norris seconded. All in favor and the meeting is adjourned at 9:07 P.M.

  
Board President  
Board Secretary

**Board Action Recap:**

- 1) Board approved the request to combine FU 858 and 858.1 into one FU, Don Olsen.

**AGENDA FOR:** Regular Board Meeting on Tuesday, February 8<sup>th</sup> at 7 P.M.

**CALL TO ORDER:** Meeting called to order by Board President, Tim Brunner.

**Public Comment:** Prior to each agenda item...limited to 5 minutes...any Board action necessary will be addressed at the next regular meeting.

**APPROVE MINUTES:** January 20th Regular Meeting Minutes.

**REVIEW AND APPROVE BILLS FOR PAYMENT—**Approve January warrants and recap list.

**PARTIES PRESENTING ISSUES:** Paula Gunderson with the NRCS to present information on currently available programs.

**CONTRACTS TO EXECUTE:** Sign Remaining Pasture Grazing Leases & Resolution from the Board to Conduct an Election

**MANAGER's REPORT**

**AGENDA ITEMS:**

- 1) New Pivot Installation FYI for the Board
- 2) Request from Don & Marian Olsen to combine FU 858 and 858.1, see attachment
- 3) Commissioner Brady to discuss the need for water efficiency and 2023 water assessment charge, see handout provided.

**PUBLIC COMMENT**

- Alan Rollo
- SRWG, Tracy Wendt
- Lee Signalness

To: GID Commissioners  
Jenny Gulick, GID Board Secretary

From: Erling A. Juel, P.E., District Manager

Subject: Manager's Report 02/08/21

**1) RESERVOIR & RIVER OPERATIONS AND PROJECTIONS AS OF 02/07/22**

**A. Reservoir operations and levels over the last 5 days were:**

- Gibson Res.: 14,450 Ac-ft, 14.6% Full & 51.6% of Normal,
- Gibson Inflows: varying from 110 to 250 cfs, 68 to 166% of Normal,
- Gibson Outflows: 143 cfs, slightly storing water
- Willow Creek Reservoir: 21,750 Ac-ft, 68% Full, 94.5% of Normal
- Willow Creek Feeder Canal: <10 cfs

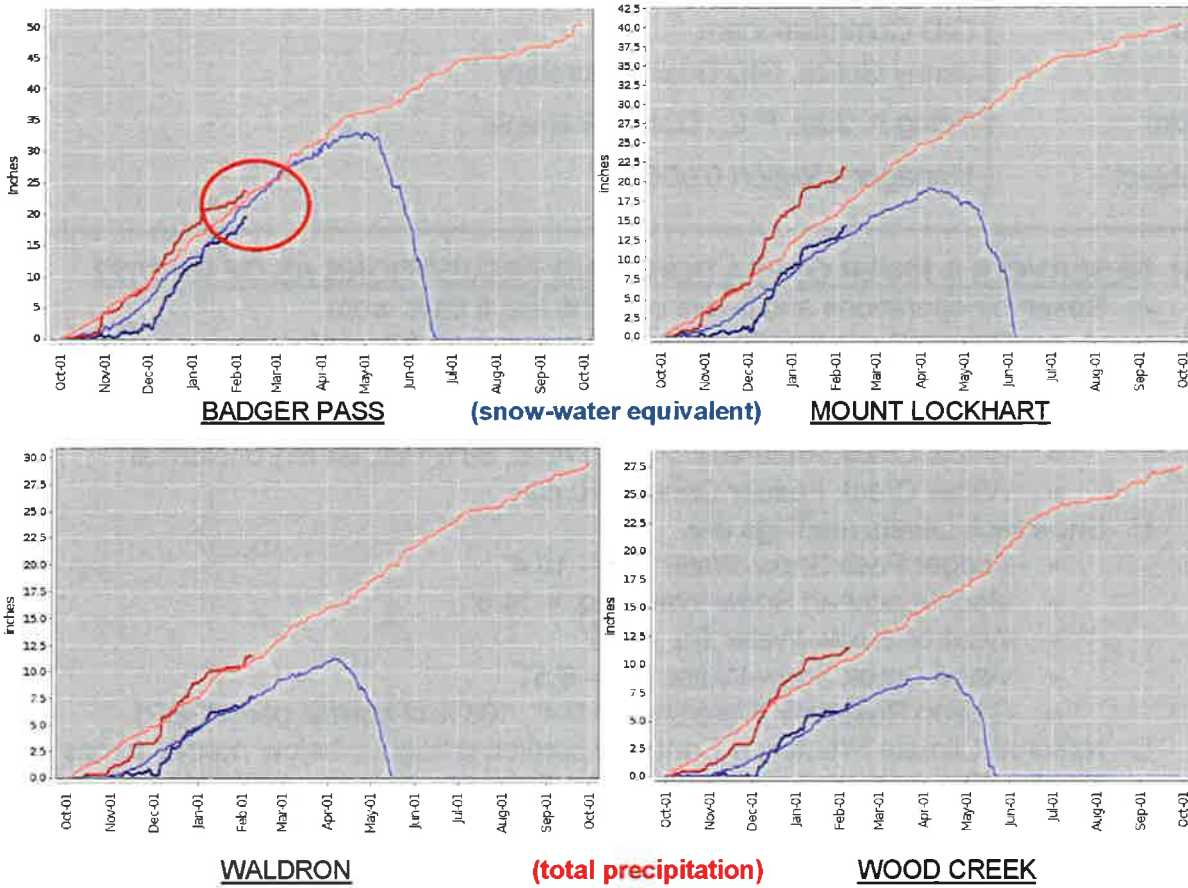

**B. Snowpack Levels readings are:**

- Badger Pass Snow-Water Eq. = 19.4"
- Mount Lockhart Snow-Water Eq. = 14.3"
- Waldron Snow-Water Eq. = 7.6"
- Wood Creek Snow-Water Eq. = 6.5"
- Gibson Reservoir Watershed = 9.4", 108% of normal per (USBR)

**C. National Climate Prediction Center is predicting slightly below normal temps and slightly above normal precipitation for February through April. May to July is predicted to be normal temps and well-below normal precipitation.**

D. In Summary.....

1. Snowpacks right on average for this time of year. Leaving room in Gibson for run-off

**2) GID WATER RIGHT ISSUES**

- A. Link to a website listing Objections regarding the Preliminary Decree for Basin 41K (Sun River) was previously forwarded to the GID Board.
- B. After the Notice of Intent to Appear (NOIA) deadlines pass, the court will consolidate the objections and start setting deadlines for GID to submit documents to resolve our objections. That could be either within a few months or more than a year.
- C. The NOIA deadline is for water users who want to participate in a claim but didn't want to object. The deadline to file those has now been set for March.

**3) STAFF UPDATES**

- A. Successfully negotiated terms with the future O&M Foreman, Eric Mayer. He will start the day after Charlie retires which is currently scheduled for April 29<sup>th</sup>.
- B. Started advertising for new equipment operator. So far 5 have expressed interest. Will close offering on February 8<sup>th</sup>. Would like a GID Commissioner to assist Eric and myself with the evaluation process. More emphasis on skills than on interviews. Putting together obstacles and equipment challenges for the evaluation.

- C. Started advertising for one more ditch riders. If anybody has any referrals, please have them fill-out an application. This person would start in March.
- D. Stan, the Weed Control Foreman, will be returning On March 1<sup>st</sup>, if he is physically ready, willing, and able.
- E. Commissioner elections in May. Both Bill and Tim will have competition. Filings close Feb. 7<sup>th</sup>.

**4) GIS MAPPING, PLATS, DATA BASE, CERTIFICATION, & ASSESSMENTS**

- A. The GID Board met with GID's legal team regarding the Human Rights Bureau investigation regarding the alleged marital status discrimination complaint against GID involving the 960-acre limitation policies. Plaintiff's lawyers are claiming the damages could be in the millions of dollars. GID wishes to resolve this dispute outside of the Court system. Requesting information from the complainant regarding what would be an acceptable resolution.
- B. Nancy continues to work on updating the infrastructure and turnout maps.
- C. Jenny and Nancy working towards this year's Producer Certification.
- D. Need to pick a date for the Annual Water User's Meeting and discuss possible format and structure. SREC's annual meeting is scheduled for March 25<sup>th</sup>. GID Management is proposing a date of March 16<sup>th</sup>.

**5) FARM UNIT OPERATIONS**

- A. **Request to Combine FU 858 & FU 858.10**
  - 1. Landowner wishes to recombine FUs 858 & 858.1 into a single Farm Unit which appears was split for some reason in the past.
  - 2. There is no change in ownership, irrigation practice, nor irrigation coverage. The number of assessed acres will not change. No water delivery or other issues are known.
  - 3. **Review handout and address during Agenda portion.**
- B. Water Master Sand coordinated an open meeting to address concerns regarding the drain season policies and to solicit input for an ultimate solution. The meeting was held at the Fairfield Community Hall. Attendance was spotty as both newspapers did not run our ads. Mr. Sand is working on some policy enhancements and will be presenting his observations and thoughts going forward.

**6) MONTHLY FINANCIALS & 2022 BUDGET**

- A. Total of the account receivables for January was \$1,334.
- B. Accounts payable (warrants) for January totaled \$314,673 and \$48,494 for two payroll periods. \$117,850 was related to the Arnold Coulee project.
- C. 2022 Budget as of 12/31/21 was prepared by Board review. **See Handout.**

**7) OFFICE IMPROVEMENTS & GENERAL ADMINISTRATION**

- A. Mark Biegler's trial has been rescheduled (again) for March 28<sup>th</sup> of this year. Both Jenny and have been subpoenaed to testify.

**8) GID VEHICLES & HEAVY EQUIPMENT**

- A. Short-Term Goals
  - 1. 2 ditch rider pick-ups. Update from Mr. Lewis is that our order is a go.
  - 2. Still looking to sell the 1941 Farmall tractor. Asking \$1,800.
  - 3. Still looking to replace over-sized bucket on JD excavator with smaller version having a thumb.

4. Still looking for a good 5<sup>th</sup> wheel, 3-axle trailer
- B. Long-Term Strategy
  1. Need to replace 2 dump trucks; (within 5 years)
  2. Large excavator (within 3 years)
  3. Another New Dozer (within 4 years)

**9) DNRC STATE LAND WSCs**

- A. Nothing new to report. Waiting for an agreement that is signed by all sides.

**10) WILLOW CREEK FEEDER CANAL MAINTENANCE & LAWSUIT**

- A. Filed our responds to Plaintiffs' complaint filed in Federal court. We are expecting to see BOR's acceptance of service soon in the federal lawsuit. The latest email response from our Attorney was forwarded to the Board.
- B. Had a meeting with legal team and our expert today at 10am. President Brunner attended with Manager Juel.

**11) HYDRO UPDATES**

- A. Hydro Power Development Strategy –
  1. Still working with SREC to secure transmission easements.
  2. Still aggressively lobbying the Montana PSC's regarding NWE's actions that could have impacts small QFs. Working with Sorenson Engineering to find an equitable split to the lawyer costs.
- B. Arnold Coulee LOPP –
  1. Had to pay \$102k cost overrun on the 4 miles of transmission line installed last year. Costs were higher but SREC absorbed /paid about 40%.
  2. Paid \$15,000 for the Chuck Stevens easement.
  3. Nothing new on the construction drawings.
  4. Received a purchase agreement to review for the turbines for both Arnold Coulee and Pishkun Inlet. The vendor is the same as that supplied turbine gensets for Turnbull in 2011.
  5. Received a draft grant agreement from BOR. I will review it and hopefully get it back for execution within the week.
  6. Nothing new on the application requesting ARPA funds submitted on January 14<sup>th</sup>. Hope to get \$500k.
  7. Nothing new on INTERCAP Loan. Waiting for other conditions to be satisfied.
  8. So far, we have hauled 18 of 36 reels. Will resume hauling the week of February 14<sup>th</sup> weather dependent.
  9. Next segment of transmission line is under construction.
- C. Pishkun Inlet Hydro –
  1. Nothing new on application submitted for another \$2M WEEG WaterSmart grant from Reclamation on Nov. 4<sup>th</sup>.
  2. Nothing new on the application requesting ARPA funds submitted Jan. 14<sup>th</sup>. Hope to get \$500k.
  3. Requesting a \$15k planning grant so that we can then go after a \$125k RRGL award from DNRC.
- D. Gibson Hydro –
  1. Nothing new on the FERC Permit for Gibson of which the 1<sup>st</sup> milestone expired on Wednesday January 12<sup>th</sup>.i.e., we failed to start construction by this date.

2. Nothing new on Federal legislation introduced to amend the authorization for the Sun River Project to include power generation. This will eliminate the FERC process and force Reclamations' LOPP process.
- E. Johnson Drop –
  1. **Nothing new.**

#### **12) GID INFRASTRUCTURE PROJECTS- Current or Planned**

- A. Hwy 89 Ditch Crossings
  1. **Nothing new.**
- B. Willow Creek Spillway Repair –
  1. **Nothing new.** No word on Reclamation's site visit and recommendations. Hopefully, this will be a SOD issue and GID will not have to pay, but in fact, get paid to do work.
- C. Sun River Bridge Replacement –
  1. **Nothing new.** Again, we requested approximately \$9.2M to compliment the FLTP award of \$1.77 million already awarded.
- D. SRS 71 Check Replacement and Reregulation –
  1. Signed the \$125,000 DNRC grant agreement to start construction for next Fall. Looking at simply replacing the SRS-71 check with a SmartCheck and reconfiguring the downstream turnouts.
- E. J-Waste Way Facility –
  1. Pre-cast, cut-off walls have been built.
  2. Rebar package is being completed and will be delivered soon.
  3. Need to get power extended and installed.
  4. The Rubicon gates and Fischer by-pass gate have been ordered.
  5. Need to be completed by Spring of 2022.
- F. Tunnel #3 Roof Collapse –
  1. Submitted application for ARPA funds. Hope to get \$500k Also, looking at long-term Reclamation funding for the Tunnel.
  2. On the plus, side the temporary repair looks very good and do not feel risky about going another year. Need to reinspect after this winter.
- G. Lower GSC Rehabilitation –
  1. Received a \$75,000 WaterSmart grant. Working on the grant agreement.

#### **13) TITLE TRANSFER**

- A. Received a Preliminary Options from Reclamation for us to consider. I still need to review and provide my comments.

#### **14) GID O&M PROJECTS**

- A. See O&M Foreman's list for this month.
- B. Working with Raymaker to crush gravel at cemetery pit. Need to generate some more Crushed Base Course (road mix) and drainage aggregate. Should get going later this month or may have to reevaluate using Raymaker.
- C. Submitted 310 Permit to repair bank erosion on Big Coulee that is impacting the Beale Canal. Another meeting scheduled on Feb 15th with FW&P and Teton CD reps to discuss the work scope.

#### **15) GID GRAZING LEASE PROGRAM**

- A. Two pastures being advertised until Feb 24<sup>th</sup>.

**16) MISCELLANEOUS**

- A. MWRA Annual Conference 1<sup>st</sup> week of February. Commissioner Brady is attending with me.
- B. Had a video conference with reps of the Farmers Conservation Alliance last Wednesday to discuss funding partnerships to procure NRCS grants through the Watershed Protection and Flood Prevention Act (PL-566).

**17) SHORT-TERM TO DO LIST – FEBRUARY**

- Start field work for new Sprig Coulee Check.
- Review preliminary drawings of Arnold Coulee layout from Sorenson Engineering.
- Secure WEEG Grant agreement.
- Get prepped for Annual Certification.

**18) LONG-TERM TO DO LIST – MARCH & ON**

- Finish delivery of wire reels.
- Finalize turbine/generator purchase.
- Annual Water Users Meeting.
- Work on Hydro Study
- Develop a 5yr/10yr Strategic Plan (Conservation & Management Plan)

**NEXT GID BOARD MEETING MARCH 8<sup>th</sup> @ 7PM**

# Greenfields Irrigation District – Request for Changes

Date of Request 1/19/22 Requested by Don Olsen + Marian Olsen

## Request Type

- ☐ Split Farm Unit  
☒ Combine Farm Unit  
☐ Reassign Assessed Acres from Farm Unit to another

## Summary of Request

Combine FU 858 and FU 858.1

## Farm Unit(s) involved in Request

FU# <u>858</u>	Current Assessment <u>109.14</u> Acres +/- <u>17.17</u>	*New Assessment <u>126.31</u> Acres
FU# <u>858.1</u>	Current Assessment <u>17.17</u> Acres +/- <u>0</u>	*New Assessment <u>-0-</u> Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
FU# _____	Current Assessment _____ Acres +/- _____	*New Assessment _____ Acres
Total <u>126.31</u>	Total <u>0</u>	Total <u>126.31</u>

## Signatures of all Owners of record for above listed Farm Units

+ Signature Donald R. Olsen Date 1/20/22  
x Signature Marian Olsen Date 1/20/22  
Signature \_\_\_\_\_ Date \_\_\_\_\_  
Signature \_\_\_\_\_ Date \_\_\_\_\_

Before Combine

After Combine

Combine FU 858.1 into FU 858 and delete FU 858.1.

Olsen, Don & Marian FU 858 & FU 858.1 Combine						
FU	Physical Size	New Physical	Assessed	New Assessed	Irrigating	New Irrig
858	134.36	152.78	109.14	126.31	96.91	105.98
858.1	18.42	0.00	17.17	0.00	9.07	0.00
Total	152.78	152.78	126.31	126.31	105.98	105.98

# Giles, Keith FU 150, 150.1 Proposed New Pivot

FU	Physical Size	Assessed	Current Irr	Proposed Irr
150	87.51	52.67	61.05	66.80
150.1	31.10	25.66	23.98	25.49
Total	118.61	78.33	85.03	92.29

\* Keith has over 30 acres of assessment, on other owned property, not currently being utilized. May look at moving some assessment in future, after seeing how new pivot will cover ground.
