

ATTENTION GID LANDOWNERS AND WATERUSERS

The GID Board has recently adopted Board Resolution 2024-06 that further clarifies the 960-acre limitation that is critically important to the long-term sustainability of the District. This Resolution acknowledges the possibility that a married couple may be recognized as two Qualified Recipients. Also, the Resolution caps the acreage limitation per Qualified Recipient at 960 acres whether owned, leased, or any combination thereof.

Also, the GID Board Policies have been modified to reflect the recent Board Resolution as well as introducing monetary penalties for the misappropriation of GID water.

The new Board Policies and the recent Resolution can be downloaded from GID's website at GID-MT.org. A copy can be requested and picked up directly from the GID office upon request.

Please reach out to GID if you have any questions.
